CAME OFF THE MARKET THIS YEAR?

The Fall-to-Spring *Timeline*

The best spring sales in the foothills are built in October. Month by month, what I handle and what you handle so the second time is the last time.

The fall-to-spring timeline

If your luxury home came off the market this year, please don't put it back on in January with the same plan. Spring buyers in Placer and El Dorado County are the most motivated of the year, and they are also the most careful. Here is the calendar my team and I run, split into what we handle and what you handle, so “start now” actually means something.

MONTH	WHAT I HANDLE	WHAT YOU HANDLE
October	Walk-through with you; valuation from closed sales; read the first listing's history (days on market, price changes, feedback) so we plan around what buyers already saw; marketing plan in writing	Pick a 45-minute window for the walk-through. Pull anything you have from the first listing. Decide your ideal move-out month.
November	Line up the short list: painter, handyman, stager, pre-inspection; acreage paperwork (well, septic, defensible space) if it applies	Say yes or no to the short list. Nothing else.
December	The short list of updates is completed quietly, before anyone else is thinking about spring; book photography for the first clear week of January	Enjoy the holidays. You're ahead.
January	Photography, video, drone, floor plans; ads built for the Bay Area, Los Angeles, San Diego, Phoenix, and Reno; private preview to my buyer list and the top luxury and relocation agents	Final number confirmed against January closings, together.
February – March	Launch on a date we choose; broker preview in week one; standing updates from launch to close	Keep the house show-ready. Take the update call.

Why the fall matters here

Two things are true about our market. The foothills show best in spring, when the hills are green and Folsom Lake is full. And the buyers who move here from out of the area do their shopping in January and February, before they commit to a move. A home that launches in late February with fresh photography, a real number, and a plan meets both. A home that relists in January with last year's photos meets neither.

October is the month that decides your spring. Everything after that is just execution, and execution is my team's job.

What to do this week

1. Scan the code below for your current home value from closed sales. It takes about a minute.
2. Find the paperwork from the first listing, if you still have it. I'd like to read it with you.
3. Text or call me with a day in October that works for the walk-through.

A little about me: I'm a luxury listing specialist with eXp Luxury, and I ran businesses before real estate, which is why my plan is always in writing. My team and I work Placer, Sacramento, and El Dorado Counties, from Granite Bay and El Dorado Hills to Loomis, Auburn, Folsom, and East Sacramento, and homes that didn't sell the first time are a big part of what we do. You will get a straight answer from me, in writing, before you sign anything.

NEXT STEP

Spring is five months away. *Start now.*
